1. Key information summary

What is this?

This is a managed investment scheme. Your money will be pooled with other investors' money and invested in various investments. BNZ Investment Services Limited (BNZISL, we, us, our) will invest your money and charge you a fee for its services.

The returns you receive are dependent on the investment decisions we make and the performance of the investments. The value of those investments may go up or down. The types of investments and the fees you will be charged are described in this document.

What will your money be invested in?

The BNZ KiwiSaver Scheme (BNZ KiwiSaver)¹ has six different Funds for you to invest in. These investment options are summarised in the table on page 2.

➤ More information about the investment target and strategy for each investment option is provided in the 'Description of your investment options' in Section 3.

Who manages the BNZ KiwiSaver Scheme?

BNZISL is the manager of BNZ KiwiSaver.

➤ See Section 7 'Who is involved?' for more information.

How can you get your money out?

KiwiSaver is designed to help you save for the future. So, in most cases you can only withdraw your savings when you reach your KiwiSaver Retirement Age. There are a few other ways you may be able to withdraw funds, like if you:

- qualify to use your savings to buy your first home
- experience significant financial hardship
- become seriously ill
- have a congenital condition that is life-shortening
- permanently emigrate.

If you die, your money will form part of your estate.

➤ Read more about the KiwiSaver Retirement Age and your ability to withdraw in Section 2.

How will your investment be taxed?

BNZ KiwiSaver is a portfolio investment entity (PIE). The amount of tax you pay in respect of a PIE is based on your prescribed investor rate (PIR). To determine your PIR, go to the application form.

➤ See Section 6 of the PDS 'What taxes will you pay?' on page 15 for more information.

Where can you find more key information?

We are required to publish quarterly updates for each Fund. The updates show the returns, and the total fees actually charged to investors, during the previous year.

➤ The latest Fund Updates are available at bnz.co.nz/kiwisaverhelp. We will also give you copies of those documents on request.

Investments in BNZ KiwiSaver are not bank deposits or other liabilities of Bank of New Zealand (BNZ) or any other member of the National Australia Bank Limited group. They are subject to investment risk, possible delays in repayment, possible loss of income and possible loss of principal invested. No person (including the New Zealand Government) guarantees (either fully or in part) the performance or returns of BNZ KiwiSaver or the repayment of capital. National Australia Bank Limited, the ultimate owner of BNZ, is not a registered bank in New Zealand but a licensed bank in Australia and is subject to the supervision of the Australian Prudential Regulation Authority.

2. How does this investment work?

This Product Disclosure Statement offers you membership of BNZ KiwiSaver, which is a KiwiSaver scheme registered under the Financial Markets Conduct Act 2013 and managed based on the rules set out in the Governing Document. KiwiSaver is designed to help you save for a better financial future. This may be to help buy your first home, or to save for a better retirement.

When you invest in a Fund your money is pooled with money from other investors in that Fund. We use that pool of money to buy investments for the Fund. You will be issued units in your chosen Fund(s) using the money you invest. These units have a unit price. Your investment return is represented by any increase or decrease in the unit price of the Fund(s) you invest in. Unit prices can go up and down depending on investment markets and the performance of the specialist investment managers we appoint.

Other factors influencing investment returns include the length of time you have been invested, the amounts and dates on which you have invested or withdrawn, the fees and expenses charged and the tax paid.

BNZ KiwiSaver is established as a trust. The assets of any one Fund cannot be used to meet the liabilities of another.

We are a default KiwiSaver scheme provider appointed by the Government by an Instrument of Appointment which

has a current term to 30 November 2021. The Instrument of Appointment overrides the Governing Document if there are any inconsistencies.

➤ For more information about the Governing Document and our default provider appointment see **Other Material Information – More about the BNZ KiwiSaver Scheme.**

All investments involve an element of risk. This risk is the possibility that you may get back less than what has been put in or your return is lower than you expect.

The performance of your investment in BNZ KiwiSaver, including any returns or repayment of capital, isn't guaranteed by us, BNZ, the Supervisor, or any other person. There is no Government guarantee for any KiwiSaver scheme or any KiwiSaver fund you invest in.

Why choose the BNZ KiwiSaver Scheme?

Investing in BNZ KiwiSaver offers you a range of benefits.

- You get access to experts. BNZ KiwiSaver is managed by investment specialists, who we've selected for their skills and experience.
- You get value for money, with an easy-to-understand fee structure, and no hidden charges.
- You can use BNZ Internet Banking to view and manage your BNZ KiwiSaver investment.

Joining the scheme

To join KiwiSaver for the first time you must:

- be a New Zealand citizen or entitled to New Zealand permanent residency
- live or normally live in New Zealand (or a State Services employee serving overseas)

You can join KiwiSaver at any age, without restriction.

Joining BNZ KiwiSaver

You can join or transfer by applying to us directly. If you are transferring to BNZ KiwiSaver from another scheme you should compare the features and benefits of BNZ KiwiSaver with your current scheme before you transfer.

Alternatively, you may be a member because:

- you were automatically enrolled in KiwiSaver when you started a new job with a new employer and you were allocated to BNZ KiwiSaver because it is a default KiwiSaver scheme, or your employer's chosen scheme, or
- you opted into KiwiSaver through your employer and BNZ KiwiSaver is your employer's chosen scheme.

Once you opt into KiwiSaver you can't opt out, but you can apply to Inland Revenue to suspend your savings. If you have been automatically enrolled, you may opt out of KiwiSaver within the first eight weeks.

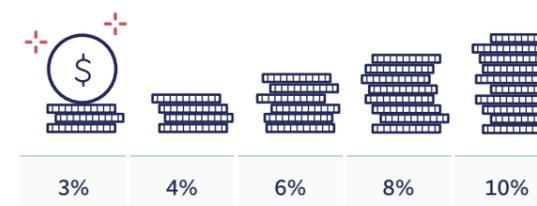

If we do not accept your application to join BNZ KiwiSaver, we'll let you know.

Making investments

The main ways you can contribute are set out below.

> Contributions you make as an employee

If you're an employee, you'll need to choose how much of your before-tax pay you'd like to contribute to your KiwiSaver account. Different contribution rates you can choose are:

Your employer deducts your contributions from your pay and passes it to Inland Revenue, who'll then pass it onto us. If you don't choose a contribution rate, your contributions will be deducted at the default rate of 3% of your before-tax pay. You can change your contribution rate at any time.

> You can make voluntary contributions

If you're self-employed, or you want to make voluntary contributions to your BNZ KiwiSaver account, you can make one-off or regular contributions by direct debit or automatic payment.

> Employer contributions to KiwiSaver

Generally, your employer will also contribute 3% of your before-tax pay from when you turn 18 until you reach your KiwiSaver Retirement Age.

Your employer may not have to make KiwiSaver contributions if they already make contributions for you to another retirement scheme (certain conditions apply), or if you are taking a savings suspension or otherwise not making employee contributions.

They'll also deduct Employer Superannuation Contribution Tax (ESCT) from their employer contributions. If you have any questions, it's a good idea to talk directly with your employer.

> Government annual contribution

If you're aged 18 or over and below your KiwiSaver Retirement Age, and you mainly live in New Zealand, the Government also pays a contribution. It will pay 50 cents for every dollar you contribute, up to a maximum of \$521.43 each year (1 July to 30 June). This Government contribution is paid directly into your KiwiSaver account after 1 July each year.

➤ See bnz.co.nz/govtcontribution for full details on the Government contribution, including how to qualify.

> Minimum amounts

BNZ KiwiSaver doesn't have a minimum investment amount. But remember, every little bit counts when it comes to long-term saving.

Withdrawing your investments

When you make a withdrawal, the amount you get will reflect the value of the units redeemed on the processing date, and adjusted for any fees, taxes, expenses or other deductions applicable to your account. We are responsible for paying withdrawals (including returns) to you.

You can withdraw from KiwiSaver once you reach your KiwiSaver Retirement Age. In the specific cases below, you may be able to withdraw earlier.

We may defer payment of any withdrawal, transfer or switch (where the law allows) if we think it would not be in the best interests of BNZ KiwiSaver members.

Reaching KiwiSaver Retirement Age

Once you reach your KiwiSaver Retirement Age, you can:

- leave your savings in your KiwiSaver account, or
- withdraw all or part of your KiwiSaver savings, including making regular withdrawals (subject to conditions).

If your account has less than \$1,000 in it after you reach your KiwiSaver Retirement Age, we may close your BNZ KiwiSaver account and end your membership. We will notify you before we close your account.

> KiwiSaver Retirement Age

Your KiwiSaver Retirement Age is generally age 65, but you may be subject to a lock-in period if you first joined KiwiSaver before 1 July 2019 and were age 60 or over.

Before you reach KiwiSaver Retirement Age

You may be able to withdraw all or part of your KiwiSaver savings early if you apply to us and certain conditions are met. A summary is set out in the table on page 8. We may also release some or all of your KiwiSaver savings if directed to do so under a court order.

You will normally receive payment of your withdrawal within 10 to 15 business days of your application being approved.

- 🔗 For more information on how BNZ KiwiSaver works, including contributions, withdrawals and your KiwiSaver Retirement Age, see *Other Material Information - More about the BNZ KiwiSaver Scheme*.

Transfers

You can transfer between KiwiSaver schemes at any time. You can only be a member of one scheme at a time, so you must transfer your entire balance.

If you die

If you die while you're a member of KiwiSaver, your KiwiSaver savings will form part of your estate.

How to switch between Funds

You can generally switch between BNZ KiwiSaver Funds at any time at any BNZ branch, through Internet Banking, the BNZ app or by calling **0800 269 5494**.

We may apply an adjustment to the unit price of a Fund for contributions and withdrawals (including switches) - these are also known as a buy/sell spread. We intend to introduce spreads after 16 August 2021.

- 🔗 See section 5 for more about indicative spreads

How these Funds invest

The Statement of Investment Policy and Objectives (SIPO) sets out details about how we manage the Funds, including the investment strategy and objectives, the target investment mix and allowable investment ranges of the Funds. We can change the SIPO after consulting the Supervisor. Any material changes to the SIPO will be advised in the BNZ KiwiSaver annual report, or in accordance with the Governing Document. The SIPO is available, free of charge, on the Disclose register online at companiesoffice.govt.nz/disclose

- Further information about the assets in these Funds can be found in the Fund Updates at bnz.co.nz/kiwisaverhelp

Responsible investment

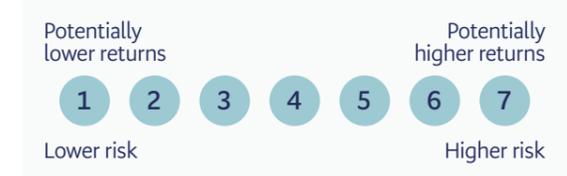

Responsible investment, including environmental, social, and governance considerations, is taken into account in the investment policies and procedures of BNZ KiwiSaver as at the date of this product disclosure statement. You can obtain an explanation of the extent to which responsible investment is taken into account in those policies and procedures at bnz.co.nz/investingresponsibly

4. What are the risks of investing?

Understanding the risk indicator

Managed funds in New Zealand must have a standard risk indicator. The risk indicator is designed to help investors understand the uncertainties both for loss and growth that may affect their investment. You can compare funds using the risk indicator.

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the Fund's assets goes up and down (volatility). A higher risk generally means higher potential returns over time, but with more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at sorted.org.nz

Note that even the lowest category does not mean a risk-free investment and there are other risks that are not captured by this rating.

This risk indicator is not a guarantee of a Fund's future performance. The risk indicator is based on the returns data for the last 5 years. While risk indicators are usually relatively stable, they do shift from time to time. You can see the most recent risk indicator in the latest Fund Update for each Fund.

The risk indicator for each Fund is calculated based on the volatility of past returns over the five years ended 31 March 2021 (Relevant Period), which is not a full investment cycle. In some cases the risk indicator might differ if calculated using a longer timeframe. Where the Relevant Period has had unusually low or unusually high volatility, the risk indicator may provide a less reliable indication of the potential future volatility of the Fund.

- For the risk indicator rating for each Fund, see Section 3 'Description of your investment options'.

General investment risks

Some of the things that may cause a Fund's value to move up and down, which affect the risk indicator are:

- **Market risk**
The risk that the value of a Fund changes due to factors that affect a particular financial market or markets. This

could include things like changes in the inflation rate, changes in monetary policy by central banks, changes in taxation and regulation, global politics, changes in investor sentiment or a global pandemic.

- **Asset allocation risk**

Funds that invest more in growth assets (such as equities) carry greater risk but offer the potential of higher returns than Funds that invest more in income assets (such as cash or fixed interest). Short-term ups and downs in the value of a Fund are common, particularly for Funds invested in growth assets. The value of income assets can go up and down as well but generally to a lesser extent than growth assets.

- **Liquidity risk**

The risk that the Fund cannot buy or sell its investments when it wants to or is forced to buy or sell at adverse prices. This is more likely to occur in times of market stress. This could mean that you may not be able to switch or get your money out when you want to, because withdrawals may be suspended.

- **Manager risk**

The decisions made by us, or the managers of the underlying investment funds we use, may positively or negatively affect the return on your investment.

- **Currency risk**

The risk that the value of a Fund changes due to ups and downs in the exchange rate between the New Zealand dollar and other currencies. This risk arises when a Fund has investments in countries other than New Zealand. The degree of currency risk within each Fund will depend on how much foreign currency exposure is hedged to the New Zealand dollar. Currency hedging is a way to protect investors against the impact of changes in exchange rates that affect the value of investments made overseas.

- **Derivative risk**

A derivative is a financial instrument that has its value based on the value of an actual financial asset, index or rate (such as a particular currency, equity, or fixed interest investment). Derivatives may be used to manage risks, make investments in a more efficient manner or enhance returns. The performance of a derivative and the actual financial asset, index or rate it is based on may not be identical. In addition, where derivatives are used to increase the exposure to selected investments, gains or losses in the value of the derivative may be more than the gains or losses of the actual financial asset, index or rate.

- For more information about other risks see *Other Material Information - More about the BNZ KiwiSaver Scheme*.

5. What are the fees?

You will be charged fees for investing in BNZ KiwiSaver. Fees are deducted from your investment and will reduce your returns. The fees you pay will be charged in two ways:

- Regular charges (for example, annual fund charges). Small differences in these fees can have a big impact on your investment over the long term.
- One-off fees (currently none).

| Fund | Annual fund charges (% of the net asset value of each Fund) | Indicative buy spread | Indicative sell spread |
|-----------------------|---|-----------------------|------------------------|
| Growth Fund | 0.58% | 0.16% | 0.16% |
| Balanced Fund | 0.58% | 0.14% | 0.14% |
| Moderate Fund | 0.58% | 0.12% | 0.12% |
| Conservative Fund | 0.50% | 0.10% | 0.10% |
| First Home Buyer Fund | 0.50% | 0.05% | 0.05% |
| Cash Fund | 0.30% | 0.00% | 0.00% |

The amount shown in the table is the maximum annual fund charge you could pay for each Fund. The buy/sell spreads are indicative only and they do not take into account minor variances that may occur due to decimal rounding. The current buy/sell spread ranges can be found in the “More about the BNZ KiwiSaver Scheme” Other Material Information document. You can also locate buy/sell spreads at bnz.co.nz/buysellspreads

Annual fund charges

The annual fund charges cover the total management fee for each Fund. This fee is accrued daily in each Fund’s unit price and is paid to us monthly in arrears. It includes our management fee, the Supervisor’s fee, underlying fund management fees and expenses and administration costs (such as audit fees, registry services and unit pricing and accounting services) of each Fund.

There are other fees and expenses additional to the Annual fund charges that may be incurred. See Other Material Information – More about the BNZ KiwiSaver Scheme for further details about fees and expenses.

- For information about who is involved and what they do, please refer to Section 7.

Buy/Sell spread

We intend to introduce buy and sell spreads to the BNZ KiwiSaver Scheme Funds after 16 August 2021. This will mean that whenever you make a change which requires you to buy or sell units in a Fund (for example, when making a contribution, switching to a different Fund, making a withdrawal or closing your account) the estimated transaction cost will be reflected in the relevant unit price.

Introducing spreads will make the BNZ KiwiSaver Scheme fairer for all members.

The indicative spreads for each Fund reflect our estimate of the Fund’s transactions costs in normal market conditions. Actual spreads applied are expected to be within the ranges we have set but may move outside this range, including in stressed market conditions. The actual spread applied, or the range may increase or decrease without prior notice to you.

We review the level of the spread, at least annually, to ensure the level remains appropriate in the overall context of the market.

Any difference between spreads charged and the transaction costs incurred will remain in the Fund. Spreads are not a fee and are not paid to us. Please see the worked example on this page for how spreads are applied as part of the cost of investing.

- For more information about spreads, including the current spread ranges, please refer to the Other Material Information - ‘More about BNZ KiwiSaver Scheme’ document at bnz.co.nz/kiwisaverhelp

- You can locate buy/sell spreads at bnz.co.nz/buysellspreads

Other charges

GST

The fees don’t include GST. If necessary, GST will be added.

The fees can be changed

We may:

- make changes to the fees for any Funds, and
- introduce new fees (including individual action fees, such as switching fees, that apply to specific decisions or actions).

We can do this only in line with the Governing Document (and, for the Conservative Fund, the Instrument of Appointment). The Supervisor’s fees may be changed by agreement with us.

If we increase fees or introduce new fees, we will give you 30 business days’ prior notice.

We must publish a Fund Update for each Fund showing the fees actually charged during the most recent year. Fund Updates, including past updates, are available at bnz.co.nz/kiwisaverhelp

Additional fees and reimbursements

In addition to annual fund charges, we may charge you additional fees and seek reimbursement from you from time to time. These cover:

- Any unexpected fees and expenses, including the Supervisor’s special fees where agreed. There is no limit on these fees and expenses.
- Reimbursements from the Funds (to us or the Supervisor) for all expenses, losses, costs or liabilities (including any legal costs) incurred in managing or supervising BNZ KiwiSaver.

To date, no additional fees and expenses have been charged and no reimbursements claimed.

Example of how fees apply to an investor

John invests \$10,000 in the Moderate Fund. He has a starting value of his investment of \$10,000.

A buy spread of 0.12% is incorporated in the unit price that he pays for his investment. This equates to \$12 (and is paid into the Fund, not to us).*

This brings the starting value of his investment to \$9,988.

He is also charged management and administration fees, which work out to about \$57.93 (0.58% of \$9,988). These fees may be more, or less, if his account balance has increased or decreased over the year.

*References to a buy spread are for illustration only. Spreads will not apply until after 16 August 2021.

Estimated total fees for the first year:

Indicative buy/sell spread: \$12
Fund charges: \$57.93

- See the latest Fund Update for an example of the actual returns and fees investors were charged over the past year.

This example applies only to the Moderate Fund. If you are considering investing in other Funds in the Scheme, this example may not be representative of the actual fees you may be charged.

6. What taxes will you pay?

BNZ KiwiSaver is a portfolio investment entity. The amount of tax you pay is based on your prescribed investor rate (PIR). To determine your PIR, go to the application form at the end of this PDS, or to ird.govt.nz/roles/portfolio-investment-entities/using-prescribed-investor-rates

If you're unsure of your PIR, we recommend you seek professional advice or contact Inland Revenue.

It is your responsibility to tell us your PIR when you invest or if your PIR changes. If you don't tell us, a

default rate may be applied. If the rate applied to your PIE income is lower than your correct PIR you will be required to pay any tax shortfall as part of the income tax year-end process. If the rate applied to your PIE income is higher than your PIR any tax over-withheld will be used to reduce any income tax liability you may have for the tax year and any remaining amount will be refunded to you.

➔ For more information on tax please refer to *Other Material Information - More about the BNZ KiwiSaver Scheme*.

7. Who is involved?

About us

4. Identification requirements

New to BNZ

We will need to see proof of your identity and address before we can proceed with your application.

Please visit any BNZ branch with the following original documents:

A. To verify your identity we will need to see:

- Current passport*; or
- New Zealand firearms licence; or
- New Zealand driver licence, **plus** any **one** of the following:
 - Bank account statement dated within the previous 12 months; or
 - Inland Revenue statement dated within the previous 12 months; or
 - New Zealand or overseas citizenship certificate; or
 - New Zealand or overseas birth certificate.

AND

B. To verify your address we will need to see any **one** of the following original documents. The documents must set out your name and current address and be dated within the last 6 months:

- Power or home phone bill; or
- Rates bill; or
- Bank account statement; or
- Inland Revenue statement; or
- Car registration document.

Note: If you require further clarification on valid document types please call us on **0800 269 5494** or see bnz.co.nz/idrequirements for our full list of acceptable documents.

*for a non-New Zealand passport please provide proof of entitlement to permanent residency.

5. Your agreement

I have received, read, and understood the Product Disclosure Statement for the BNZ KiwiSaver Scheme dated 17 May 2021 (PDS). I agree to be bound by the terms and conditions set out in the PDS (including this application form), the Governing Document, and any register entry held on **disclose-register.companiesoffice.govt.nz**, for the BNZ KiwiSaver Scheme.

I confirm that:

- I meet all the eligibility criteria for joining the BNZ KiwiSaver Scheme, including residency requirements.
- I understand that, except in limited circumstances, I will not be able to withdraw my savings until I reach my KiwiSaver Retirement Age (see section 2 of the PDS).
- My investment in the BNZ KiwiSaver Scheme is not a bank deposit with, or liability of, Bank of New Zealand or any other member of the National Australia Bank Limited group. It is subject to investment risk, possible delays in repayment, possible loss of income and possible loss of principal invested. No person (including the New Zealand Government) guarantees (either fully or in part) the performance or returns of the BNZ KiwiSaver Scheme, or the repayment of capital. National Australia Bank Limited, the ultimate owner of BNZ, is not a registered bank in New Zealand, but a licensed bank in Australia and is subject to the supervision of the Australian Prudential Regulation Authority.
- I understand that the value of my investment may rise or fall depending on market (and other) conditions, and I may receive back less than had been invested.
- If applying to transfer from another KiwiSaver scheme, I authorise the Manager and/or Supervisor of that scheme to provide the Manager of the BNZ KiwiSaver Scheme with any of my personal information necessary to complete the transfer. I have considered and compared the features and benefits of my current scheme with the BNZ KiwiSaver Scheme before deciding to transfer.
- Choosing a Fund is my responsibility and neither the Manager nor the Supervisor have represented or implied that any particular Fund is suitable for my personal circumstances nor provided me with personalised financial advice. My choice of Fund represents a binding direction from me to the Manager of the BNZ KiwiSaver Scheme.
- I consent to receiving information and communications in relation to my investment in the BNZ KiwiSaver Scheme (including Annual Reports, Annual Member Statements, Annual Tax Certificates) in any form, whether electronic or otherwise, including via BNZ Internet Banking.
- By providing my email address, I give express consent to any member of the BNZ group contacting me electronically (e.g. email, SMS, website link) from time to time with information about our products, services and promotions, and without an unsubscribe facility.
- I have read and agree to the Personal Information Notice below.

Personal Information Notice

To offer and/or provide you with products or services we need to collect, use and disclose your personal information in accordance with BNZ's Master Privacy Policy. Our Master Privacy Policy sets out the purpose of this collection, details of how the information may be used or disclosed, your rights to that information (such as access and correction), our legal obligations and the consequences of not providing the information.

The Master Privacy Policy covers all our products and services, and all our interactions with you. It is available on our website or you can ask us to send you a copy.

For this specific product, you should note that we'll collect, use and share your personal information for the purposes of:

- operating, administering and managing the BNZ KiwiSaver Scheme
- complying with our legal obligations.

Third parties we may share your information with include:

- the Supervisor of the BNZ KiwiSaver Scheme
- members of the National Australia Bank group of companies
- Inland Revenue

Checking your PIR is important

It is important that we always have your correct PIR because:

- if you notify us of a PIR that is lower than your correct PIR, you will be required to pay the shortfall (plus any penalties and interest charged by the Inland Revenue Department), and may need to complete an Income Tax Assessment or income tax return at the end of the year.
- If you notify us of a PIR that is higher than your correct PIR, any refund you are entitled to for the overpaid tax would be provided by the Inland Revenue Department; and
- if you are a new resident who chooses not to include your non-resident foreign-sourced income to determine your PIR you will be responsible for paying tax on the income attributed to you. A credit is available for the tax paid by the BNZ KiwiSaver Scheme on your behalf.

If you notify us of a change to your PIR after the beginning of the tax year, the tax payable by the BNZ KiwiSaver Scheme on PIE income which is allocated to you will be recalculated using the new PIR notified to us by you. However, there will be no recalculation of any tax which has already been paid to the Inland Revenue on your behalf before we receive the notification.

Do you need help working out your PIR?

This information below is based on our understanding of taxation law that applies as at May 2021. It is intended as a guide only. Tax legislation, its interpretation and the rates and basis of taxation are subject to change. For tax advice relating to your specific circumstances, we recommend that you consult a professional tax adviser.

Your PIR is the tax rate prescribed by law used to calculate the tax payable by the BNZ KiwiSaver Scheme on the income of the BNZ KiwiSaver Scheme that is allocated to you.

If you do not notify us of your PIR then your income earned from the BNZ KiwiSaver Scheme will be taxed at the default rate of 28%.

The Commissioner of Inland Revenue can, by notice, require us to apply a different PIR to the PIR notified by you. In this case, we will have to apply the PIR that the Commissioner considers appropriate.

For more information about taxable income, PIRs and to determine your correct PIR please refer to the Inland Revenue website ird.govt.nz or contact your professional tax adviser.

The diagram below will help you work out your PIR.

1. Taxable income for New Residents: In determining your PIR, gross income earned from foreign sources while you were a non-resident must be treated as if it were taxable income. However, you may choose that this rule does not apply if you expect that your taxable income in either of your first two years as resident will be significantly lower than your total income in the income year prior to becoming a New Zealand resident. In that case, you will be taxable at your marginal tax rate on your returns from the BNZ KiwiSaver Scheme, with a credit being available for any PIE tax paid.

If for the two previous income years you qualify for two rates, your PIR is the lower rate.

5. Your agreement

I/We have received, read, and understood the Product Disclosure Statement for the BNZ KiwiSaver Scheme dated 17 May 2021 (PDS). I/We agree to be bound by the terms and conditions set out in the PDS (including this application form), the Governing Document, and any register entry held on **disclose-register.companiesoffice.govt.nz**, for the BNZ KiwiSaver Scheme.

I/We confirm that:

- I/We meet all the eligibility criteria for joining the BNZ KiwiSaver Scheme, including residency requirements.
- I/We understand that, except in limited circumstances, I will not be able to withdraw my savings until I reach my KiwiSaver Retirement Age (see section 2 of the PDS).
- My investment in the BNZ KiwiSaver Scheme is not a bank deposit with, or liability of, Bank of New Zealand or any other member of the National Australia Bank Limited group. It is subject to investment risk, possible delays in repayment, possible loss of income and possible loss of principal invested. No person (including the New Zealand Government) guarantees (either fully or in part) the performance or returns of the BNZ KiwiSaver Scheme, or the repayment of capital. National Australia Bank Limited, the ultimate owner of BNZ, is not a registered bank in New Zealand, but a licensed bank in Australia and is subject to the supervision of the Australian Prudential Regulation Authority.
- I/We understand that the value of my investment may rise or fall depending on market (and other) conditions, and I may receive back less than had been invested.
- If applying to transfer from another KiwiSaver scheme, I authorise the Manager and/or Supervisor of that scheme to provide the Manager of the BNZ KiwiSaver Scheme with any of my personal information necessary to complete the transfer. I have considered and compared the features and benefits of my current scheme with the BNZ KiwiSaver Scheme before deciding to transfer.
- Choosing a Fund is my responsibility and neither the Manager nor the Supervisor have represented or implied that any particular Fund is suitable for my personal circumstances nor provided me with personalised financial advice. My choice of Fund represents a binding direction from me to the Manager of the BNZ KiwiSaver Scheme.
- I/We consent to receiving information and communications in relation to my investment in the BNZ KiwiSaver Scheme (including Annual Reports, Annual Member Statements, Annual Tax Certificates) in any form, whether electronic or otherwise, including via BNZ Internet Banking.
- By providing my email address, I/we give express consent to any member of the BNZ group contacting me electronically (e.g. email, SMS, website link) from time to time with information about our products, services and promotions, and without an unsubscribe facility.
- I/We have read and agree to the Personal Information Notice below.

Personal Information Notice

Checking your PIR is important

It is important that we always have your correct PIR because:

- if you notify us of a PIR that is lower than your correct PIR, you will be required to pay the shortfall (plus any penalties and interest charged by the Inland Revenue Department) and may need to complete an Income Tax Assessment or income tax return at the end of the year.
- If you notify us of a PIR that is higher than your correct PIR, any refund you are entitled to for the overpaid tax would be provided by the Inland Revenue Department; and
- if you are a new resident who chooses not to include your non-resident foreign-sourced income to determine your PIR you will be responsible for paying tax on the income attributed to you. A credit is available for the tax paid by the BNZ KiwiSaver Scheme on your behalf.

If you notify us of a change to your PIR after the beginning of the tax year, the tax payable by the BNZ KiwiSaver Scheme on PIE income which is allocated to you will be recalculated using the new PIR notified to us by you. However, there will be no recalculation of any tax which has already been paid to the Inland Revenue on your behalf before we receive the notification.

Do you need help working out your PIR?

This information below is based on our understanding of taxation law that applies as at May 2021. It is intended as a guide only. Tax legislation, its interpretation and the rates and basis of taxation are subject to change. For tax advice relating to your specific circumstances, we recommend that you consult a professional tax adviser.

Your PIR is the tax rate prescribed by law used to calculate the tax payable by the BNZ KiwiSaver Scheme on the income of the BNZ KiwiSaver Scheme that is allocated to you.

If you do not notify us of your PIR then your income earned from the BNZ KiwiSaver Scheme will be taxed at the default rate of 28%.

The Commissioner of Inland Revenue can, by notice, require us to apply a different PIR to the PIR notified by you. In this case, we will have to apply the PIR that the Commissioner considers appropriate.

For more information about taxable income, PIRs and to determine your correct PIR please refer to the Inland Revenue website ird.govt.nz or contact your professional tax adviser.

The diagram below will help you work out your PIR.

1. Taxable income for New Residents: In determining your PIR, gross income earned from foreign sources while you were a non-resident must be treated as if it were taxable income. However, you may choose that this rule does not apply if you expect that your taxable income in either of your first two years as resident will be significantly lower than your total income in the income year prior to becoming a New Zealand resident. In that case, you will be taxable at your marginal tax rate on your returns from a Fund, with a credit being available for any PIE tax paid.

If for the two previous income years you qualify for two rates, your PIR is the lower rate.

Checking your PIR is important

It is important that we always have your correct PIR because:

- if you notify us of a PIR that is lower than your correct PIR, you will be required to pay the shortfall (plus any penalties and interest charged by the Inland Revenue Department) and may need to complete an Income Tax Assessment or income tax return at the end of the year.
- If you notify us of a PIR that is higher than your correct PIR, any refund you are entitled to for the overpaid tax would be provided by the Inland Revenue Department; and
- if you are a new resident who chooses not to include your non-resident foreign-sourced income to determine your PIR you will be responsible for paying tax on the income attributed to you. A credit is available for the tax paid by the BNZ KiwiSaver Scheme on your behalf.

If you notify us of a change to your PIR after the beginning of the tax year, the tax payable by the BNZ KiwiSaver Scheme on PIE income which is allocated to you will be recalculated using the new PIR notified to us by you. However, there will be no recalculation of any tax which has already been paid to the Inland Revenue on your behalf before we receive the notification.

Do you need help working out your PIR?

This information below is based on our understanding of taxation law that applies as at May 2021. It is intended as a guide only. Tax legislation, its interpretation and the rates and basis of taxation are subject to change. For tax advice relating to your specific circumstances, we recommend that you consult a professional tax adviser.

Your PIR is the tax rate prescribed by law used to calculate the tax payable by the BNZ KiwiSaver Scheme on the income of the BNZ KiwiSaver Scheme that is allocated to you.

If you do not notify us of your PIR then your income earned from the BNZ KiwiSaver Scheme will be taxed at the default rate of 28%.

The Commissioner of Inland Revenue can, by notice, require us to apply a different PIR to the PIR notified by you. In this case, we will have to apply the PIR that the Commissioner considers appropriate.

For more information about taxable income, PIRs and to determine your correct PIR please refer to the Inland Revenue website ird.govt.nz or contact your professional tax adviser.

The diagram below will help you work out your PIR.
